

ERIE COUNTY WATER AUTHORITY
INTEROFFICE MEMORANDUM

June 19, 2018

To: Terrence D. McCracken, Secretary to the Authority

From: Michael T. Haendiges, Production Engineer *MTH*

Subject: Machining and Fabrication Services for the Repair of Various ECWA Equipment
From August 1, 2017 to July 31, 2018
ECWA Project No. 201700071

The above referenced service contract will expire on July 31, 2018. The Authority and the Contractor, Frederick Machine & Manufacturing, Inc., agree that one-year extension of the current contract at the same terms and conditions would be mutually beneficial for both parties. The Contractor expressed interest in extending the current contract in a letter dated May 23, 2018.

This unit price contract was initially bid for one year with two one year extensions to assure that the successful bidder was capable of meeting the needs of the Authority. With the first year of service almost complete Frederick Machine & Manufacturing has proven to be a highly capable and reliable vendor.

Upon doing fair market research it has been discovered that the County of Erie has also selected and awarded Frederick Machine & Manufacturing the contract for their machine shop needs at the same cost per hour of \$42.85. I have included a copy of the County of Erie's contract for your review.

Based on this information it is recommended that we exercise the first one year extension. By doing so, the Authority maintains a well vetted vendor at what I believe is a fair market cost.

The following documents are attached to process the extension of the above referenced contract:

- Blue Authorization Form.
- Three originals of "Erie County Water Authority Contract Extension Form".
- Letter from Frederick Machine & Manufacturing, Inc. dated May 23, 2018.
- Copy of page 7 of the current contract with Section 2.02 CONTRACT DURATION.
- Copy of the County of Erie Contract page.

FORM C**Offerer's Disclosure of Prior
Non-Responsibility Determinations****Background:**

New York State Finance Law §139-k(2) obligates a Governmental Entity to obtain specific information regarding prior non-responsibility determinations with respect to State Finance Law §139-j. In accordance with State Finance Law §139-k, an Offerer must be asked to disclose whether there has been a finding of non-responsibility made within the previous four (4) years by any Governmental Entity due to: (a) a violation of State Finance Law §139-j; or (b) the intentional provision of false or incomplete information to a Government Entity.

The terms "Offerer" and "Governmental Entity" are defined in State Finance Law §139-k(1). State Finance Law §139-j sets forth detailed requirements about the restrictions on contacts during the procurement process. A violation of State Finance Law §139-j includes, but is not limited to, an impermissible contact during the restricted period (for example, contacting a person or entity other than the designated contact person, when such contact does not fall within one of the exemptions).

As part of its responsibility determination, State Finance Law §139-k(3) mandates consideration of whether an Offerer fails to timely disclose accurate or complete information regarding the above non-responsibility determination. In accordance with law, no Procurement Contract shall be awarded to any Offerer that fails to timely disclose accurate or complete information under this section, unless a finding is made that the award of the Procurement Contract to the Offerer is necessary to protect public property or public health safety, and the Offerer is the only source capable of supplying the required Article of Procurement within the necessary timeframe. See State Finance Law §139-j(10)(b) and §139-k(3).

Instructions:

A Governmental Entity must include a disclosure request regarding prior non-responsibility determinations in accordance with State Finance Law §139-k in its solicitation of proposals or bid documents or specifications or contract documents, as applicable, for procurement contracts. The attached form is to be completed and submitted by the individual or entity seeking to enter into a Procurement Contract. It shall be submitted to the Governmental Entity conducting the Governmental Procurement no later than when the Offerer submits its proposal.

Contract Termination Provision

Instructions:

A Contract Termination Provision will be included in each Procurement Contract governed by State Finance Law §139-k. New York State Finance Law §139-k(5) provides that every procurement contract award subject to the provisions of State Finance Law §§139-k and 139-j shall contain a provision authorizing the Governmental Entity to terminate the contract in the event that the certification is found to be intentionally false or intentionally incomplete. This statutory contract language authorizes, but does not mandate, termination. "Government Entity" and "procurement contract" are defined in State Finance Law §139-k(1).

This required clause will be included in a covered procurement contract.

A sample of the Termination Provision is included below. If a contract is terminated in accordance with State Finance Law §139-k(5), the Governmental Entity is required to include a statement in the procurement record describing the basis for any action taken under the termination provision.

Sample Contract Termination Provision

The Governmental Entity reserves the right to terminate this contract in the event it is found that the certification filed by the Offerer in accordance with New York State Finance Law §139-k was intentionally false or intentionally incomplete. Upon such finding, the Governmental Entity may exercise its termination right by providing written notification to the Offerer in accordance with the written notification terms of this contract.
