MINUTES of the MEETING of the ERIE COUNTY WATER AUTHORITY held in the office, 295 Main Street, Room 350, Buffalo, New York, on the 7th day of February 2019.

PRESENT:  Jerome D. Schad, Chairman  
            Mark S. Carney, Vice Chairman  
            E. Thomas Jones, Treasurer  
            Terrence D. McCracken, Secretary to the Authority  
            Margaret A. Murphy, Attorney  
            H. John Mye, Executive Director  
            Robert J. Lichtenthal, Jr., Deputy Director  
            Karen A. Prendergast, Comptroller  
            Daniel J. NeMoyer, Director of Human Resources  
            Steven V. D’Amico, Business Office Manager  
            Russell J. Stoll, Executive Engineer  
            Sabrina Figler, Director of Water Quality  
            Matthew Barrett, Security Officer  
            Joseph T. Burns, Deputy Administrative Director  

ATTENDEES: 

CALL TO ORDER AT 9:28 a.m. 

PLEDGE TO THE FLAG 

I.  ROLL CALL  

    Mr. Schad welcomed Mr. John Mye, the Authority’s new Executive Director.  

    Mr. Mye thanked the Commissioners for vote of confidence in selecting him to become Executive Director of the Erie County Water Authority. He advised he has met many Authority staff over the last few days and is looking forward to a great team. He believes the service the Authority provides the ratepayers is great and this is another step forward in having a good leader.  

II.  READING OF MINUTES  

    Motion by Mr. Jones seconded by Mr. Carney and carried to read the Minutes of the Meeting held on Thursday, January 24, 2019.  

III.  APPROVAL OF MINUTES  

2/7/19
Motion by Mr. Jones seconded by Mr. Carney and carried to approve the Minutes of the Meeting held on Thursday, January 24, 2019.

IV. REPORTS

A) SECRETARY

B) LEGAL

C) FISCAL

   D’Amico

   Steven D’Amico distributed the December 2018 Monthly Financial report. This report includes operating revenue, investment income, operating expense and net income. Mr. Schad questioned the variance in budget regarding infrastructure. Mr. D’Amico advised that he factored in the Town of Aurora accounts, which did not go through yet. Mr. Jones inquired about the large variance in operating expenses. Ms. Prendergast advised that the adjustments were made in conjunction with the implementation of a new GASB 75, in which the Authority had to accrue a significant amount of sick time that retirees will use to pay for contributions in retirement. Mr. Mye added that GASB 75 had to be implemented this year and came in before the budget was set. Ms. Prendergast advised that the new valuation report should be completed by the end of the week and she hopes to present the report and the implementations of this GASB at the next meeting.

D) OPERATIONS

1. Lead and Copper Study 2019 Timeline  

   Figler

   Ms. Figler distributed a timeline for lead and copper study. She advised Water Quality is working with other ECWA departments to collect data to identify homes that meet the criteria. She advised to date there are 50 homes from the 2016 study that the EPA advised to us and are still eligible. Ms. Figler would like to double the study base to 100. She advised the Authority will contact 109 identified homes to see if they would be interested in this study. Margaret Murphy added that the Authority should look into a media blitz to inform people and also have educational information on the ECWA website.

   Ms. Figler noted the goal is to have the samples by June of this year and complete the study by the end of August 2019.
Mr. Schad requested that the letters be sent out sooner and suggested that Ms. Figler work with Ms. Murphy and Mr. Mye to make this happen. Ms. Murphy suggested having something on the ECWA website to sign up for this testing. Mr. Carney agreed with Mr. Schad that this needs to be done sooner than later. He has his concerns with the media as if we present them with the material, they could put their own spin on this and perhaps may not be favorable to the Authority. Ms. Prendergast added this in the past reaching the ratepayers by telephone was successful. Ms. Figler added she will be utilizing the meter shop to go door to door.

Mr. Carney advised the timeline should be that phone calls be made within the next two weeks, thereafter, the meter shop should be out in the two weeks after that, then in late March the list will either be complete or the need to go out more.

2. Emergency Declaration – Geiter Done  Stoll

Mr. Stoll distributed an emergency declaration. He advised that this was a result of a watermain break on Goodrich Road which resulted in damage to a pipe with asbestos. He advised that ECWA staff cannot do this work and therefore, utilized Geiter Done under their current contract with us. Mr. Stoll advised that he is in the process of preparing bid documents to advertise for a contractor that does asbestos work.

3. Formal Contract Extensions
   a. Ferguson Electric
   b. Mollenberg-Betz
   c. Simmers Crane  Stoll

Mr. Stoll advised that the above three contracts are within six months of expiring and that there are provisions in all three to extend for one year. He advised the Authority has the option to renew for one year or go out for bid. He further advised that by extending this, the contract prices remain from the original contract and was looking for guidance from the Board as to how to proceed.

Mr. Carney inquired as to the value of the contracts to which Mr. Stoll advised they are around $1,000,000, depending on the situation for each year.

Ms. Murphy confirmed that the Simmers Crane contract allowed for two one-year extensions but would like to confirm that the Authority does still have a one-year extension available.

4. GPS Base Station Town of Tonawanda  Stoll
Mr. Stoll distributed memo and proposed letter agreement with Town of Tonawanda regarding accessing survey equipment to locate assets. He advised that the Authority has a base station that provides accurate survey data and that the Authority has partnered with other municipalities over the last decade to allow them access to help obtain better data. He also added that the Authority has access to other municipalities survey equipment, such as the DOT. He would like to get the Board’s input on this matter.

Ms. Murphy advised that this should be signed by the Chairman. She also asked whether the Authority entered into an agreement with the DOT, to which Mr. Stoll advised that there is an agreement.

Ms. Murphy advised this matter should go through the Authority’s risk manager to confirm whether or not the Authority gives access whether it will compromise the Authority’s system. Once the Authority’s risk manager reviews this, she requested reviewing the agreement with the DOT and will thereafter prepare an agreement for the March 7, 2019 meeting.

Mr. Schad expressed that he is favor of agreement and advised Mr. Stoll to work with Legal on this matter.

E) HUMAN RESOURCES

F) AUDIT COMMITTEE

G) GOVERNANCE COMMITTEE

H) FINANCE COMMITTEE

I) ETHICS BOARD

V. COMMUNICATIONS AND BILLS

ITEM 1 - Creation and/or Amendment of Master Purchase Orders:

Motion by Mr. Jones and seconded by Mr. Carney and carried

DISCUSSION
