INVITATION TO BID

Bids, as stated below, will be received and publicly opened by the Secretary to the Authority in accordance with the attached specifications. FAX bids are unacceptable. Bids must be submitted in a sealed envelope to:

TERRENCE D. McCracken
Secretary to the Authority
C/O Cashier’s Office
Erie County Water Authority
295 Main Street, Room 350
Buffalo, New York 14203

NOTE: Lower left hand corner of envelope MUST indicate the following:

BID DESCRIPTION: Furnish and Deliver Automatic Transfer Switch for Harris Hill Pump Station.

PROJECT No.: 201900040

OPENING DATE: (Date) TIME: (Time)

FOR: Automatic Transfer Switch for Harris Hill Pump Station.

NAME OF BIDDER: ____________________________________________________________

If you are submitting other Advertisements to Bid, each bid must be enclosed in a separate envelope.

The following EXHIBITS are attached to and made a part of the bid specifications and part of any agreement entered into pursuant to this Advertisement to Bid. If an Exhibit does not have an X on the line preceding it, then the Exhibit is not required for this particular bid.

X EXHIBIT “D” - Bid Bond
X EXHIBIT “G” - Non-Collusive Bidding Certification
X EXHIBIT “I” - State Finance Law Requirements
X EXHIBIT “J” - Section 139-L of State Finance Law, Statement relating to Sexual Harassment Policy
_ EXHIBIT “P” - Performance Bond
APPENDIX “A” - Women and Minority Business Enterprise Policy
X APPENDIX “B” - Insurance Requirements
_ APPENDIX “C” - Prevailing Wage Rate Schedule
NOTICE TO BIDDERS

The Erie County Water Authority will receive separate, sealed bids for the furnishing of all labor, plant, tools, equipment and specified materials, etc. to Furnish and Deliver Automatic Transfer Switch for Harris Hill Pump Station.

Bids will be received by the Erie County Water Authority until (Time) a.m. prevailing time, on (Day of week, Date) at the Cashier’s Office of the Authority, 295 Main Street, Room 350, Buffalo, New York 14203, and then at that time and place will be publicly opened and read.

All bids being mailed (including FedEx, UPS, Priority Mail, etc.) or hand-delivered to the Erie County Water Authority shall be directed to the “CASHIER’S OFFICE” at the address listed above in a sealed envelope and be clearly marked on the outside of the mailing or hand-delivered envelope “BID ENCLOSED- Furnish and Deliver Automatic Transfer Switch for Harris Hill Pump Station”. Failure to follow the above instructions could result in rejection of the bid.

Beginning at (Time) a.m., on (Day of week, Date), the Instruction to Bidders, Form of Bid and form of Contract, Specifications, and Security Bonds may be examined at the above address and may be obtained by writing the Cashier’s Office at the above address or calling (716) 849-8484, between the hours of 9:00 a.m. and 5:00 p.m.

Each bid shall be accompanied by a certified check or bid bond in the amount of five percent (5%) of the amount of the bid.

In accordance with State Finance Law §§139-j and 139-k, all questions about meaning or intent of the bidding documents shall be submitted to the designated contact person in writing. The designated contact is Scott A. Aiple, Electrical Engineer, Erie County Water Authority, 3030 Union Road, Buffalo, New York 14227, telephone 716-685-8225.

The Erie County Water Authority reserves the right to reject any and all bids or to accept any bid deemed to be for the best interest of the Water Authority even though the bid chosen may result in the award of the contract to a bidder whose bid is not mathematically lowest.

ERIE COUNTY WATER AUTHORITY

TERRENCE D. McCracken
Secretary to the Authority
ERIE COUNTY WATER AUTHORITY

INSTRUCTIONS TO BIDDERS

1. BID SHALL BE SUBMITTED ON THESE ERIE COUNTY WATER AUTHORITY (HEREINAFTER ECWA) BID FORMS or bid will not be considered. Bid must be typed or printed in ink. Original autograph signatures in ink are required. Facsimile or rubber stamp signatures will not be accepted. ALL PAGES OF THIS BID DOCUMENT MUST BE RETURNED INTACT.

2. LATE PROPOSALS. Any bids received at the ECWA after the date and time prescribed will not be considered for contract award.

3. EMERGENCY CLOSINGS. In the event of an emergency closing of certain ECWA facilities and/or operations and/or services due to any flood, fire, fire drill, power failure, uncontrolled weather conditions or other cause beyond the Secretary to the Authority's control, only bids received prior to the date and time or postmarked as of the date prescribed will be considered for contract award.

4. ANY CHANGE IN WORDING OR INTERLINEATION OF THE ADVERTISEMENT AS PUBLISHED BY THE ECWA shall be reason to reject the proposals in the event that such change in the Advertisement to Bid is not discovered prior to entering into a contract, to void any contract entered into pursuant to such bid. Proposals may be rejected if they show any omissions, alterations of form, additions not called for, conditional or alternate bids other than are provided for in the proposal form, escalation clauses or irregularities of any kind.

5. THE ECWA, IN THE BEST INTERESTS OF THE PUBLIC, RESERVES THE RIGHT TO REJECT any and all bids, to accept either in whole or in part any one bid or combination of bids as may be provided in the bid specifications, and to waive any informalities in bids. The ECWA does not obligate itself to accept the lowest or any other proposal, and reserves the right to re-bid.

6. CONTRACT(S) OR PURCHASE ORDER(S) WILL BE AWARDED after due consideration of the suitability of goods and/or services bid to satisfy these specifications, the total cost of such goods and/or services including all cost elements, and the timeliness of the agreed upon delivery date.

7. THIS EXECUTORY CLAUSE shall be a part of any agreement entered into pursuant to this bid:

IT IS UNDERSTOOD BY THE PARTIES THAT THIS AGREEMENT SHALL BE EXECUTORY ONLY TO THE EXTENT OF THE MONIES AVAILABLE TO THE ECWA AND APPROPRIATED THEREFORE, AND NO LIABILITY ON ACCOUNT THEREOF SHALL BE INCURRED BY THE ECWA BEYOND THE MONIES AVAILABLE AND APPROPRIATED FOR THE PURPOSE THEREOF.
8. FAILURE TO MEET DELIVERY SCHEDULE as per accepted bid may result in legal action by the ECWA to recover damages.

9. PRICES SHALL BE QUOTED F.O.B. DESTINATION.

10. COLLECT TRANSPORTATION CHARGES WILL NOT BE PAID BY THE ECWA. All freight, cartage, rigging, postage or other transportation charges shall be prepaid and included in the bid. There will be no additional charges for delivery.

11. NO TAXES ARE TO BE BILLED TO THE ECWA. Bids shall not include any State or local excise, sales, transportation or other tax, unless State law specifically levies such tax on purchases made by a public benefit corporation created by the State of New York. The ECWA Purchase Order is an exemption certificate. Any applicable taxes from which the ECWA is not exempt shall be listed separately as cost elements and added into the total net bid.

12. THE SUCCESSFUL BIDDER shall comply with all laws, rules, regulations and ordinances of the Federal Government, the State of New York and any other political subdivision or regulatory body which may apply to Bidder’s performance under this contract.

13. GRATUITIES, ILLEGAL OR IMPROPER SCHEMES. The ECWA may terminate contracts or purchase orders, if it is determined that gratuities in the form of entertainment, gifts or otherwise were offered or given by a vendor, his agent or representative to any ECWA official or employee with a view towards securing favorable treatment with respect to the awarding of this bid or the performance of the contract or purchase order. The ECWA may also terminate a contract or purchase order if it is determined that the successful bidder engaged in any other illegal or improper scheme promotive of favoritism or unfairness incidental to the bidding process or the performance of the contract or purchase order. In the event that it is determined that said improper or illegal acts occurred, the ECWA shall be entitled to terminate the contract or purchase order and/or exercise any other remedy available to it under existing law.

14. ANY CASH DISCOUNT which is part of a bid will be considered as a reduction in the bid prices in determining the award of the bid. Date of invoice must not precede date of delivery. The ECWA policy is to pay all claims in a timely manner within the specified time. However, if for some reason payment is delayed, the ECWA will take the discount when payment is made. The ECWA will not pay any interest charges nor refund discount amounts taken after the discount period. If this procedure is unsatisfactory, please quote net.

15. ANY ADDITIONAL INFORMATION which bidder desires to add to the bid shall be written on a separate sheet of paper attached to and submitted with the formal sealed bid to be read at the formal opening.

16. WARRANTY: Notwithstanding anything to the contrary herein contained, BIDDER agrees that the warranties as prescribed by the Laws of the State of New York are and will remain in effect; that this warranty and the time to exercise said warranty in effect at the time of the breach, if any, caused by any breach or by any hidden or latent defect will be as
prescribed by the Laws of the State of New York. The obligations of BIDDER herein are
independent of any other obligations.

17. THIS BID IS FIRM AND IRREVOCABLE for a period of 45 days from the date and time
of the bid opening. If a contract is not awarded within the 45 day period, a bidder to whom
the bid has not been awarded may withdraw his bid by serving written notice upon the
Secretary to the Authority of his intention to do so.

18. PRICES CHARGED TO THE ERIE COUNTY WATER AUTHORITY are to be no higher
than those offered to any other governmental or commercial consumer. If a bidder has a
New York State or a Federal GSA contract for any of the items covered in this bid or any
similar items, he shall so indicate that he has said contract on these bid papers and
automatically supply a copy of this contract within five days after notification of award.

19. PRICE IS FIRM. The unit prices bid shall remain firm and any other charges bid shall also
remain firm for delivery of the equipment, material, work, or services described in this bid.
No cost increase shall be charged for any reason whatsoever.

20. EXTENSION OF PRICE PROTECTION. Any contract entered into pursuant to this bid to
supply the ECWA requirements of goods and/or services for a definite period of time as
stated in the attached specifications may be extended for not more than two successive
periods of equal length at the same bid price upon the mutual agreement of the successful
bidder and the ECWA. All extensions shall be submitted in writing and shall have prior
approval by the Secretary to the ECWA.

21. IN EXECUTING THIS BID, THE BIDDER AFFIRMS that all of the requirements of the
specifications are understood and accepted by the bidder, and that the prices quoted include
all required materials and services. The undersigned has checked all of the bid figures, and
understands that the ECWA will not be responsible for any errors or omissions on the part
of the undersigned in preparing this bid. Mistakes or errors in the estimates, calculations or
preparation of the bid shall not be grounds for the withdrawal or correction of the bid or bid
security. In case of error in extension of prices in the bid, the unit price will govern.

22. ACCOUNTABILITY. The undersigned shall be fully accountable for his or its
performance under this bid or any contract or purchase order entered into pursuant to this
bid, and agrees that he or its officers will answer under oath all questions relevant to the
performance thereof and to any transaction, act or omission done or omitted in connection
therewith if called before any Judicial, County or State officer or agency empowered to
investigate the contract or his performance.

1.01 Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to pay to OWNER upon default of Bidder the penal sum set forth on the face of this Bond.

2.01 Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by OWNER) the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents.

3.01 This obligation shall be null and void if:
   A. OWNER accepts Bidder’s Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by OWNER) the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents, or
   B. All Bids are rejected by OWNER, or
   C. OWNER fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by paragraph 5.01 hereof).

4.01 Payment under this Bond will be due and payable upon default by Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from OWNER, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.

5.01 Surety waives notice of and any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by OWNER and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from Bid due date without Surety’s written consent.

6.01 No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of default required in paragraph 4.01 above is received by Bidder and Surety and in no case later than one year after Bid due date.

7.01 Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.

8.01 Notices required hereunder shall be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.

9.01 Surety shall cause to be attached to this Bond a current and effective Power or Attorney evidencing the authority of the officer, agent or representative who executed this Bond on behalf of Surety to execute, seal and deliver such Bond and bind the Surety thereby.

10.01 This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.

11.01 The term "Bid" as used herein includes a Bid, offer or proposal as applicable.

END OF BID BOND

NON-COLLUSIVE BIDDING CERTIFICATION
as mandated by Public Authority Law § 2878

By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of his knowledge and belief:

(1) The prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;

(2) Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and

(3) No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.

FORMS A, B, and C

STATE FINANCE LAW REQUIREMENTS

The Erie County Water Authority (the “Authority”) is a government entity, as that term is defined in State Finance Law §§ 139-j(1)(a) and 139-k(1)(a). When the Authority seeks to procure goods or services by means of an Invitation or Notice to Bid, or a Request for Proposals, the State Finance Law imposes certain restrictions on anyone who may wish to offer goods or services to the Authority as an Offerer, as that term is defined in §§ 139-j(1)(h) and 139-k(1)(h).

During the Restricted Period, as defined in §§ 139-j(1)(f) and 139-k(1)(f), when bids or proposals are being solicited, the Authority will designate a contact person with whom the Offerer may contact for information and other authorized purposes as set forth in §139-j of the State Finance Law. The designated contact is identified in the Notice to Bidders, or in the Request for Proposal. An Offerer is authorized to contact the Authority’s designated contact for such purposes set forth in § 139-j(3).

Pursuant to the State Finance Law, the Authority is also required to make certain findings before making any determinations as to the qualifications and eligibility of those seeking a procurement contract, as that term is defined in State Finance Law §§ 139-j(1)(g) and 139-k(1)(g). Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings of non-responsibility occurring within a 4-year period, the Offerer will be debarred from obtaining procurement contracts with the Authority. Further information about these requirements can be found in §§139–j and 139–k of the New York State Finance Law and the Erie County Water Authority’s Procurement Disclosure Policy.

The following forms will be used by the Authority to make such findings:

Form A - Offerer’s Affirmation of Understanding of, and Agreement to Comply with, the Authority’s Permissible Contact Requirement During the Restricted Period.

Form B - Offerer’s Certification of Compliance with State Finance Law.

Form C - Offerer’s Disclosure of Prior Non-Responsibility Determinations.
FORM A

Offerer’s Affirmation of Understanding of, and Agreement to Comply with, the Permissible Contact Requirements During the Restricted Period

Instructions:

The Erie County Water Authority (the “Authority”) is a government entity, as that term is defined in State Finance Law §§ 139-j(1)(a) and 139-k(1)(a). The Authority must obtain a written affirmation of understanding and agreement to comply with procedures regarding permissible contacts with the Authority in the restricted period for a procurement contract in accordance with State Finance Law §139–j and §139–k. It is required that this affirmation be obtained as early as possible in the procurement process, but no later than when the Offerer submits its proposal.

Offerer affirms that it understands and agrees to comply with the procedures of the Authority relative to permissible contacts as required by State Finance Law §139–j(3) and §139–j(6)(b).

FORM B

Offerer’s Certification of Compliance
With State Finance Law §139–k(5)

Instructions:

The Erie County Water Authority (the “Authority”) is a government entity, as that term is defined in State Finance Law §§ 139-j(1)(a) and 139-k(1)(a). The Authority must obtain a Certification that the information submitted for a procurement contract is complete, true, and accurate regarding any prior findings of non-responsibility, such as non-responsibility pursuant to State Finance Law §139–j. The Offerer must agree to sign the Certification, under penalty of perjury, and to provide the Certification to the Authority. The Certification should be obtained as early as possible in the process, but no later than when an Offerer submits its proposal.

Offerer Certification:

I certify that all information provided to the Authority relating to the awarding of a procurement contract is complete, true, and accurate.

FORM C

Offerer’s Disclosure of Prior
Non-Responsibility Determinations

Background:

The Erie County Water Authority (the “Authority”) is a government entity, as that term is defined in State Finance Law §§ 139-j(1)(a) and 139-k(1)(a). New York State Finance Law §139–k(2) obligates the Authority to obtain specific information regarding prior non-responsibility determinations with respect to State Finance Law §139–j. In accordance with State Finance Law §139–k, an Offerer must be asked to disclose whether there has been a finding of non-responsibility made within the previous four (4) years by any Governmental Entity due to: (a) a violation of State Finance Law §139–j; or (b) the intentional provision of false or incomplete information to a Government Entity.

The terms “Offerer” and “Governmental Entity” are defined in State Finance Law §§139–j(1), and §139–k(1). These sections also set forth detailed requirements about the restrictions on contacts during the procurement process. A violation of State Finance Law §139–j includes, but is not limited to, an impermissible contact during the restricted period (for example, contacting a person or entity other than the designated contact person, when such contact does not fall within one of the exemptions).

As part of its responsibility determination, State Finance Law §139–k(3) mandates consideration of whether an Offerer fails to timely disclose accurate or complete information regarding the above non-responsibility determination. In accordance with law, no Procurement Contract shall be awarded to any Offerer that fails to timely disclose accurate or complete information under this section, unless a finding is made that the award of the Procurement Contract to the Offerer is necessary to protect public property or public health safety, and the Offerer is the only source capable of supplying the required Article of Procurement, as that term is defined in State Finance Law §§ 139-j(1)(b) and 139-k(1)(b), within the necessary timeframe. See State Finance Law §139–j(10)(b) and §139–k(3).

Instructions:

The Authority must include a disclosure request regarding prior non-responsibility determinations in accordance with State Finance Law §139–k in its solicitation of proposals or bid documents or specifications or contract documents, as applicable, for procurement contracts. The attached form is to be completed and submitted by the individual or entity seeking to enter into a Procurement Contract. It shall be submitted to the Authority no later than when the Offerer submits its proposal.

Title: __________________________
Contract Termination Provision

Instructions:

A Contract Termination Provision will be included in each procurement contract governed by State Finance Law §139–k. New York State Finance Law §139-k(5) provides that every procurement contract award subject to the provisions of State Finance Law §§139–k and 139–j shall contain a provision authorizing the governmental entity to terminate the contract in the event that the certification is found to be intentionally false or intentionally incomplete. This statutory contract language authorizes, but does not mandate, termination. “Government Entity” and “procurement contract” are defined in State Finance Law §§ 139 j(1) and 139–k(l).

This required clause will be included in a covered procurement contract.

A sample of the Termination Provision is included below. If a contract is terminated in accordance with State Finance Law §139–k(5), the Erie County Water Authority (the “Authority”), as a governmental entity, is required to include a statement in the procurement record describing the basis for any action taken under the termination provision.

Sample Contract Termination Provision

The Erie County Water Authority (the “Authority”), as a governmental entity, reserves the right to terminate this contract in the event it is found that the certification filed by the Offerer in accordance with New York State Finance Law §139–k was intentionally false or intentionally incomplete. Upon such finding, the Authority may exercise its termination right by providing written notification to the Offerer in accordance with the written notification terms of this contract.
1. “Bidder” has the same meaning as the term, “Offerer,” as that term is defined in State Finance Law § 139-k(1)(h), and includes anyone who submits a bid or proposal.

2. Every proposal or bid hereafter made and submitted to the Erie County Water Authority, where competitive bidding or a sealed proposal is required by statute, rule or regulation, for work or services performed or to be performed or goods sold or to be sold, shall contain the following statement subscribed by the Bidder and affirmed by such Bidder as true under penalty of perjury:

SEXUAL HARASSMENT BIDDING CERTIFICATION

(a) “By submission of this bid/proposal, EACH BIDDER AND EACH PERSON SIGNING ON BEHALF OF ANY BIDDER CERTIFIES, AND IN THE CASE OF A JOINT BID EACH PARTY THERETO CERTIFIES AS TO ITS OWN ORGANIZATION, under penalty of perjury, that the Bidder has and has implemented a written policy addressing sexual harassment prevention in the workplace and provides annual sexual harassment prevention training to all its employees. Such policy shall, at a minimum, meet the requirements of Section two hundred one-g of the Labor Law.”

3. A bid/proposal shall not be considered for award nor shall any award be made to a Bidder who has not complied with subdivision one of this section; provided, however, that if in any case the Bidder cannot make the foregoing certification, the Bidder shall so state and furnish with the bid/proposal a signed statement which sets forth in detail the reasons therefore.

The undersigned CERTIFIES, under penalty of perjury, that he is authorized to make this bid/proposal and execute this statement on sexual harassment; that he is familiar with the statements contained in ¶2(a) of this document, as well as the provisions of State Finance Law §139-L and Labor Law §201-g, and such statements are true and have been complied with by the Bidder.

BID SPECIFICATIONS

BID DESCRIPTION: Furnish and Deliver Automatic Transfer Switch for Harris Hill Pump Station

PROJECT No. 201900040

SECTION 01331

SHOP DRAWING PROCEDURES

PART 1 - GENERAL

1.01 DESCRIPTION

A. Shop Drawing procedures shall conform to requirements of General Conditions and as described in this Section.

1.02 PROCEDURE

A. A letter of transmittal and the shop drawings shall accompany the bid at the time of bid submittal. If data for more than one Section of the Specifications is submitted, a separate transmittal letter shall accompany the data submitted for each Section. Bids not accompanied by the required equipment and material shop drawings may be rejected.

B. At the beginning of each letter of transmittal provide a reference heading indicating the following:

1. OWNER’S Name

2. Project Name

4. Transmittal No.

5. Section No.

C. If a Shop Drawing deviates from the requirements of the Contract Documents, CONTRACTOR shall specifically note each variation in his letter of transmittal.

D. All Shop Drawings submitted for approval shall have a title block with complete identifying information satisfactory to ENGINEER.

E. All Shop Drawings submitted shall bear the stamp of approval and signature of CONTRACTOR as evidence that they have been reviewed by CONTRACTOR. Submittals without this stamp of approval will not be reviewed by ENGINEER.
and will be returned to CONTRACTOR. CONTRACTOR’S stamp shall contain the following minimum information:

Project Name: ____________________________________________

CONTRACTOR’S Name: ________________________________

Date: __________________________________________________

--------------------Reference--------------------

Item: ____________________________________________

Specifications:

   Section: ____________________________________________

   Page No.: ____________________________________________

   Para. No.: ____________________________________________

Drawing No.: ___________ of _______________________

Location: ____________________________________________

   Submittal No.: _______________________________________

   Approved By: _______________________________________  

PART 2 - PRODUCTS (NOT USED)

PART 3 - EXECUTION (NOT USED)

END OF SECTION
SECTION 16261

AUTOMATIC TRANSFER SWITCH

PART 1 GENERAL

1.01  Scope
Furnish automatic transfer switch (ATS) with number of poles, amperage, voltage, withstand and close-on ratings as described in this specification. Each automatic transfer shall consist of an inherently double throw power transfer switch mechanism and a microprocessor controller to provide automatic operation. All transfer switches and controllers shall be the products of the same manufacturer.

1.02  Codes and Standards
The automatic transfer switches and controls shall conform to the requirements of:

A. UL 1008 - Standard for Transfer Switch Equipment
B. IEC 947-6-1 Low-voltage Switchgear and Controlgear; Multifunction equipment; Automatic Transfer Switching Equipment
C. NFPA 70 - National Electrical Code
D. NFPA 110 - Emergency and Standby Power Systems
E. IEEE Standard 446 - IEEE Recommended Practice for Emergency and Standby Power Systems for Commercial and Industrial Applications
F. NEMA Standard ICS10-1993 (formerly ICS2-447) - AC Automatic Transfer Switches
G. UL 508 Industrial Control Equipment

1.03  Acceptable Equipment

A. Transfer switch shall be ASCO 4000 Series
B. Model Number: 4ATSB31600N5XC
C. Features:
   • Automatic
   • Conventional 2-Position
   • Switched Neutral
   • 3 Phase Poles
   • 1600 Ampere Capacity
   • 480 Volt Nominal
   • Group Code 5X
   • NEMA Type 1 Enclosure
   • Connectivity Module 72E
PART 2  PRODUCT DESCRIPTION

2.01 Mechanically Held Transfer Switch

A. The transfer switch shall be electrically operated and mechanically held. The electrical operator shall be a momentarily energized, single-solenoid mechanism. Main operators utilizing overcurrent disconnect devices, or linear motors shall not be acceptable. The switch shall be mechanically interlocked to ensure only two possible positions, normal or emergency.

B. All transfer switch sizes shall use only one type of main operator for ease of maintenance and commonality of parts.

C. The switch shall be positively locked and unaffected by momentary outages, so that contact pressure is maintained at a constant value and contact temperature rise is minimized for maximum reliability and operating life.

D. All main contacts shall be silver composition. Switches rated 800 amperes and above shall have segmented, blow-on construction for high withstand and close-on capability and be protected by separate arcing contacts.

E. Inspection of all contacts shall be possible from the front of the switch without disassembly of operating linkages and without disconnection of power conductors. Switches rated 800 amps and higher shall have front removable and replaceable contacts. All stationary and moveable contacts shall be replaceable without removing power conductors and/or bus bars.

F. Designs utilizing components of molded-case circuit breakers, contactors, or parts thereof, which are not intended for continuous duty, repetitive switching or transfer between two active power sources are not acceptable.

2.02 Microprocessor Controller

A. The controller's sensing and logic shall be provided by a single built-in microprocessor for maximum reliability, minimum maintenance, and the ability to communicate through an Ethernet connectivity module.

B. A single controller shall provide twelve selectable nominal voltages for maximum application flexibility and minimal spare part requirements. Voltage sensing shall be true RMS type and shall be accurate to ±1% of nominal voltage. Frequency sensing shall be accurate to ±0.2%. The panel shall be capable of operating over a temperature range of -20 to +60 degrees C and storage from -55 to +85 degrees C.

C. The controller shall be connected to the transfer switch by an interconnecting wiring harness. The harness shall include a keyed disconnect plug to enable the controller to be disconnected from the transfer switch for routine maintenance. Sensing and control logic shall be provided on multi-layer printed circuit boards. Interfacing relays shall be industrial grade plug-in type with dust covers. The panel shall be enclosed with a protective cover and be mounted separately from the transfer switch unit for safety and ease of maintenance. The protective cover shall include a built-in pocket for storage of the operator’s manuals.
D. The controller shall meet or exceed the requirements for Electromagnetic Compatibility (EMC) as follows:

1. EN 55011:1991 Emission standard - Group 1, Class A
2. EN 50082-2:1995 Generic immunity standard, from which:
   - EN 61000-4-2:1995 Electrostatic discharge (ESD) immunity
   - ENV 50140:1993 Radiated Electro-Magnetic field immunity
   - EN 61000-4-4:1995 Electrical fast transient (EFT) immunity
   - EN 61000-4-5:1995 Surge transient immunity
   - EN 61000-4-6:1996 Conducted Radio-Frequency field immunity
3. IEEE472 (ANSI C37.90A) Ring Wave Test.

2.03 Enclosure

A. The ATS shall be furnished in a NEMA Type 1 enclosure.

B. All standard door mounted switches and indicating lights described in section 3 shall be integrated into a flush-mounted, interface membrane or equivalent in the enclosure door for easy viewing & replacement. The panel shall include a manual locking feature to allow the user to lockout all membrane mounted control switches to prevent unauthorized tampering.

PART 3 PRODUCT OPERATION

3.01 Controller Display and Keypad

A. A four line, 20 character LCD display and keypad shall be an integral part of the controller for viewing all available data and setting desired operational parameters. Operational parameters shall also be available for viewing and limited control through the communications interface port. The following parameters shall only be adjustable via DIP switches on the controller:

1. Nominal line voltage and frequency
2. Single or three phase sensing
3. Operating parameter protection
4. Transfer operating mode configuration (open transition in this application)

All instructions and controller settings shall be easily accessible, readable and accomplished without the use of codes, calculations, or instruction manuals.
3.02 Voltage, Frequency and Phase Rotation Sensing

A. Voltage and frequency on both the normal and emergency sources (as noted below) shall be continuously monitored, with the following pickup, dropout, and trip setting capabilities (values shown as % of nominal unless otherwise specified):

<table>
<thead>
<tr>
<th>Parameter</th>
<th>Sources</th>
<th>Dropout / Trip</th>
<th>Pickup / Reset</th>
</tr>
</thead>
<tbody>
<tr>
<td>Undervoltage</td>
<td>N&amp;E, 3φ</td>
<td>70 to 98%</td>
<td>85 to 100%</td>
</tr>
<tr>
<td>Overvoltage</td>
<td>N&amp;E, 3φ</td>
<td>102 to 115%</td>
<td>2% below trip</td>
</tr>
<tr>
<td>Underfrequency</td>
<td>N&amp;E</td>
<td>85 to 98%</td>
<td>90 to 100%</td>
</tr>
<tr>
<td>Overfrequency</td>
<td>N&amp;E</td>
<td>102 to 110%</td>
<td>2% below trip</td>
</tr>
<tr>
<td>Voltage unbalance</td>
<td>N&amp;E</td>
<td>5 to 20%</td>
<td>1% below dropout</td>
</tr>
</tbody>
</table>

B. Repetitive accuracy of all settings shall be within ± 0.5% over an operating temperature range of -20°C to 60°C.

C. Voltage and frequency settings shall be field adjustable in 1% increments either locally with the display and keypad or remotely via the communications interface port.

D. The controller shall be capable of sensing the phase rotation of both the normal and emergency sources. The source shall be considered unacceptable if the phase rotation is not the preferred rotation selected (ABC or CBA).

E. Source status screens shall be provided for both normal & emergency to provide digital readout of voltage on all 3 phases, frequency, and phase rotation.

3.03 Time Delays

A. An adjustable time delay of 0 to 6 seconds shall be provided to override momentary normal source outages and delay all transfer and engine starting signals.

B. A time delay shall be provided on transfer to emergency, adjustable from 0 to 60 minutes, for controlled timing of transfer of loads to emergency.

C. Time delays shall be disabled on re-transfer to normal. Re-transfer to normal shall be manually initiated via “Re-transfer to Normal” button on operator interface keypad. Re-transfer shall automatically occur if the emergency source fails and the normal source is acceptable.

D. A time delay shall be provided on shut down of engine generator for cool down, adjustable from 0 to 60 minutes.

G. All time delays shall be adjustable in 1 second increments.

H. All time delays shall be adjustable by using the LCD display and keypad or with a remote device connected to the communications interface port.
3.04 Additional Features

A. Membrane-type switches shall be provided for the test and retransfer to normal functions. The test position will simulate a normal source failure. The retransfer to normal position shall retransfer to normal if normal source is available.

B. A SPDT contact, rated 5 amps at 30 VDC, shall be provided for a low-voltage engine start signal. The start signal shall prevent dry cranking of the engine by requiring the generator set to reach proper output, and run for the duration of the cool down setting, regardless of whether the normal source restores before the load is transferred.

C. LED indicating lights shall be provided; one to indicate when the ATS is connected to the normal source (green) and one to indicate when the ATS is connected to the emergency source (red).

D. LED indicating lights shall be provided and energized by controller outputs. The lights shall provide true source availability of the normal and emergency sources, as determined by the voltage sensing trip and reset settings for each source.

E. A membrane switch shall be provided on the membrane panel to test all indicating lights when pressed.

The following features shall be built-in to the controller, but capable of being activated through keypad programming or the communications interface port only when required by the user:

F. Provide the ability to select “commit/no commit to transfer” to determine whether the load should be transferred to the emergency generator if the normal source restores before the generator is ready to accept the load.

G. **Engine Exerciser** – The controller shall provide an internal engine exerciser. The engine exerciser shall allow the user to program up to seven different exercise routines. For each routine, the user shall be able to:

   1. Enable or disable the routine.
   2. Enable or disable transfer of the load during routine.
   3. Set the start time.
      - time of day
      - day of week
      - week of month (1st, 2nd, 3rd, 4th, alternate or every)
   4. Set the duration of the run.

   At the end of the specified duration the switch shall transfer the load back to normal and run the generator for the specified cool down period. A 10-year life battery that supplies power to the real time clock in the event of a power loss will maintain all time and date information.

H. **Key Locking Feature** – The control switches on the interface membrane shall be capable of being locked via password protected screens on the controller LCD display to prevent unauthorized tampering. A red LED indicator shall be illuminated on the interface membrane when the membrane controls are locked.
The following feature shall be built into the controller, but capable of being activated through keypad programming or the communications interface port.

**Note:** The transfer switch will operate in a non-automatic mode with this feature activated.

I. Terminals shall be provided for a remote contact which opens to signal the ATS to transfer to emergency and for remote contacts which open to inhibit transfer to emergency and/or retransfer to normal. Both of these inhibit signals can be activated through the keypad or the communications interface port.

J. **System Status** – The controller LCD display shall include a “System Status” screen which shall be readily accessible from any point in the menu by depressing the “ESC” key a maximum of two times. This screen shall display a clear description of the active operating sequence and switch position. For example,

Normal Failed
Load on Normal
TD Normal to Emerg
2min15s

K. Controllers that require multiple screens to determine system status or display “coded” system status messages, which must be explained by references in the operator’s manual, are not permissible.

L. **Self Diagnostics** – The controller shall contain a diagnostic screen for the purpose of detecting system errors. This screen shall provide information on the status input signals to the controller which may be preventing load transfer commands from being completed.

M. **Communications Interface** – The transfer switch controller shall be able to interface to 3rd party applications using Modbus TCP open standard protocols. The communication interface module shall be ASCO Accessory 72E (10BaseT Ethernet).

N. **Data Logging** – The controller shall have the ability to log data and to maintain the last 99 events, even in the event of total power loss. The following events shall be time and date stamped and maintained in a non-volatile memory:

   1. **Event Logging**
      1. Data and time and reason for transfer normal to emergency.
      2. Data and time and reason for transfer emergency to normal.
      3. Data and time and reason for engine start.
      4. Data and time engine stopped.
      5. Data and time emergency source available.
      6. Data and time emergency source not available.

   2. **Statistical Data**
      1. Total number of transfers.
      2. Total number of transfers due to source failure.
      3. Total number of days controller is energized.
      4. Total number of hours both normal and emergency sources are available.

**PART 4 ADDITIONAL REQUIREMENTS**
4.01 Withstand and Closing Ratings

A. The ATS shall be rated to close on and withstand the available RMS symmetrical short circuit current of 100KA at the ATS terminals, with the unit fed from any breaker operating at maximum of 600 volts.

B. The ATS shall be UL listed in accordance with UL 1008 and be labeled in accordance with that standard's 1½ and 3 cycle, long-time ratings. ATSs which are not tested and labeled with 1½ and 3 cycle (any breaker) ratings and have series, or specific breaker ratings only, are not acceptable.

4.02 Tests and Certification

A. The complete ATS shall be factory tested to ensure proper operation of the individual components and correct overall sequence of operation and to ensure that the operating transfer time, voltage, frequency and time delay settings are in compliance with the specification requirements.

B. Upon request, the manufacturer shall provide a notarized letter certifying compliance with all of the requirements of this specification including compliance with the above codes and standards, and withstand and closing ratings. The certification shall identify, by serial number(s), the equipment involved. No exceptions to the specifications, other than those stipulated at the time of the submittal, shall be included in the certification.

C. The ATS manufacturer shall be certified to ISO 9001 International Quality Standard and the manufacturer shall have third party certification verifying quality assurance in design/development, production, installation and servicing in accordance with ISO 9001.

4.03 Service Representation

A. The ATS manufacturer shall maintain a national service organization of company-employed personnel located throughout the contiguous United States. The service center's personnel must be factory trained and must be on call 24 hours a day, 365 days a year.

B. The manufacturer shall maintain records of each switch, by serial number, for a minimum of 20 years.
APPENDIX B

INSURANCE REQUIREMENTS

ERIE COUNTY WATER AUTHORITY
Erie County Water Authority Insurance Requirements for Vendors

Project Number: 201900040

Description: Furnish and Deliver Automatic Transfer Switch for Harris Hill Pump Station.

The following minimum insurance requirements shall apply to vendors supplying products or goods to the Erie County Water Authority (ECWA). If a product or good, in the opinion of ECWA, represents an unusual or exceptional risk, ECWA may establish additional insurance requirements for that product or service. All insurance required herein shall be obtained at the sole cost and expense of the vendor, including deductibles and self-insured retentions. These requirements include but are not limited to the minimum insurance requirements.

An X indicates insurance coverage is required.

X Commercial General Liability Insurance (including, but not limited to, Bodily (Personal) Injury, Premises Operations, Property Damage Liability (broad form), Contractual Liability, Advertising Injury, Independent Contractors, Product Liability, Completed Operations Liability and Explosion, Collapse and Underground Coverage in an amount not less than $1,000,000 combined single limit and $2,000,000 in the aggregate:

X Per Policy

X Per Project or Job

X Per Location

There should be no exclusions for any claims filed, actual or alleged, for violation of any applicable statute including, but not limited to, the New York State or federal labor laws, ordinances, administrative orders, executive orders, rules, regulations, or decrees of any court of competent jurisdiction.

Comprehensive Business Automobile Insurance in an amount of not less than $1,000,000 each accident and shall cover liability arising out of any automobile owned, leased, hired, borrowed and non-owned automobiles. Additionally, if vehicles are used for transporting hazardous materials, the contractor shall obtain and maintain the “broadened” coverage (endorsement CA 99 48), as well as proof of MCS 90 04 00.
Excess Umbrella Liability Insurance in an amount of not less than:

- $1,000,000 in the aggregate
- $2,000,000 in the aggregate
- $3,000,000 in the aggregate
- $4,000,000 in the aggregate
- $5,000,000 in the aggregate

Per Policy
Per Project or Job
Per Location

Pollution Legal Liability Insurance in an amount of not less than:

- $1,000,000 in the aggregate
- $2,000,000 in the aggregate
- $3,000,000 in the aggregate
- $4,000,000 in the aggregate
- $5,000,000 in the aggregate

Per Policy
Per Project or Job
Per Location

And, if disposal of materials is involved, the disposal site operator must carry Pollution Legal Liability Insurance in an amount of not less than

- $1,000,000 in the aggregate
- $2,000,000 in the aggregate
- $3,000,000 in the aggregate
- $4,000,000 in the aggregate
- $5,000,000 in the aggregate
Cyber and Privacy & Security Coverage:

All vendors with access to confidential records and/or access to any of ECWA’s communication networks, servers, etc. must carry Cyber Liability coverage for damages arising from a failure of computer security, or wrongful release of private information including expenses for notification as required by local, state or federal guidelines. Limit of liability must be at least One Million and 00/100 Dollars ($1,000,000.00) per claim and One Million and 00/100 Dollars ($1,000,000.00) in the aggregate. Any retroactive date or prior acts exclusion must predate both the date of this agreement and any earlier commencement of any services. If coverage is on a "claims made basis", a 2 to 5 year extended reporting provision must be included.

Workers’ Compensation and Employers’ Liability and New York State Disability Benefits Insurances, as required by New York State statute.

Certificates of Insurance and renewals, on forms approved by the New York State Department of Insurance, must be submitted to ECWA prior to the award of contract or purchase. Each insurance carrier issuing a Certificate of Insurance shall be rated by A. M. Best no lower than “A-” with a Financial Strength Code (FSC) of at least VII. The professional service provider shall name ECWA, as additional insured on a Primary and Non-Contributory Basis, including a Waiver of Subrogation endorsement CG 20 26 or equivalent, on its liability policies. Any liability coverage on a “claims made” basis should be designated as such on the Certificate of Insurance.

To avoid confusion with similar insurance company names and to properly identify the insurance company, please make sure that the insurer’s National Association of Insurance Commissioners (N.A.I.C.) identifying number or A. M. Best identifying number appears on the Certificate of Insurance.

Acceptance of a Certificate of Insurance and/or approval by ECWA shall not be construed to relieve the vendor of any obligations, responsibilities or liabilities.

Certificates of Insurance should be e-mailed to AALESSI@ECWA.ORG or mailed to Mr. Anthony Alessi, ECWA Claims Representative/Risk Manager, Erie County Water Authority, 295 Main Street – Room 350, Buffalo, New York 14203-2494, or If you have any questions you can contact Mr. Alessi by e-mail or phone (716) 849-8477.

Please refer to the bid and the contract document(s) for additional information regarding insurance requirements.
CREDENTIAL OF LIABILITY INSURANCE

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

DESCRIPTION OF OPERATIONS / LOCATIONS / VEHICLES (Attach ACORD 101, Additional Remarks Schedule, if more space is required)

Additional Insured on a Primary and non-contributory basis: Erie County Water Authority Additional Insured endorsement CG2026 or equivalent

CERTIFICATE HOLDER

Erie County Water Authority
295 Main St, Suite 350
Buffalo, NY 14203

Attn: Anthony Alessi

CANCELLATION

SHOULD ANY OF THE ABOVE DESCRIBED POLICIES BE CANCELLED BEFORE THE EXPIRATION DATE THEREOF, NOTICE WILL BE DELIVERED IN ACCORDANCE WITH THE POLICY PROVISIONS.

AUTHORIZED REPRESENTATIVE
ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – (FORM B)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART.

SCHEDULE

Name of Person or Organization:

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

WHO IS AN INSURED (Section II) is amended to include as an insured the person or organization shown in the Schedule, but only with respect to liability arising out of "your work" for that insured by or for you.
THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – DESIGNATED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART.

SCHEDULE

Name of Person or Organization:

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

WHO IS AN INSURED (Section II) is amended to include as an insured the person or organization shown in the Schedule as an insured but only with respect to liability arising out of your operations or premises owned by or rented to you.
