Hi Terry;

I am requesting the recording to the Erie county water emergency line at about 2:30 pm on 03/10/2019 from my home phone [REDACTED] I was talking to Brendon in dispatch discussing the water main break on 03/03/2019 where I was told to get a plumber with a jeter system to flush the mud and stones from the sewer line due to the water main break and that Erie county water would pay for it. Also the names of the crew and supervisor that were at [REDACTED] Lancaster, N.Y. 14086 that day to repair the water main break on 03/03/2019 and any and all reports and notes regarding anything related to the water main break and the repair of my sewer line I will need their names to issue subpoenas for court.

Sincerely

Michael J. [REDACTED]
