Thursday, 28 March 2019 at 13:14 hours:

Susan Wood, ECWA Customer service Rep, transferred call to me from Mr. Sciolino. Claimant alleges his vehicle was damaged as a result of a water cap being kicked up by a bus and said cap struck and damaged his vehicle to the extent that it cannot be driven. I advised him that in most instances this is not something that the Authority is liable for; however, I would send him the paperwork to file a claim.

## Procedures for Filing a Claim with the Erie County Water Authority

**2019-029 – Sciolino, Daniel**

### General Information

If you desire to file a claim against the Erie County Water Authority, please consider the following information.

A "Notice of Claim" is a notice to the Erie County Water Authority of your claim against the Erie County Water Authority. The contents of a Notice of Claim are set forth in the New York General Municipal Law § 50-e (2). A Notice of Claim must include: (1) the name and post office address of each claimant, and of his/her attorney, if any; (2) the nature of the claim; (3) the time when, the place where and the manner in which the claim arose; and (4) the items of damage or injuries claimed to have been sustained so far as then practicable.

If you wish to file a claim against the Erie County Water Authority for property damage or personal injury, please follow this procedure:

1. Submit a claim to your own insurance company and provide insurance company claim number. (If damage is less than deductible, there is no need to submit to insurance.) Deductible payment is still required with claim.
2. Your claim should include:
  - A. Information indicating a filing of a claim with your own insurance company including the amount of claim, name of the insurance company, and adjuster, and the amount that the insurance company paid. Also, provide evidence as to the amount of your deductible by sending a copy of the declarations page of your policy.
  - B. A written statement supporting the claim for which you are seeking recovery, including date, location, persons and property involved.
  - C. Documentation of your claim:
    - a. Ownership (aka Certificate of Title).
    - b. If medical expenses are being claimed - copies of bills once submitted to health insurance or automobile insurance (under the medical portion of the policy) must be submitted explaining what insurance covered and the outstanding balance.
    - c. If property damage is a vehicle- a copy of the declaration page (showing deductible amounts and coverage) from your insurance company. If liability insurance coverage (2) repair estimates must be submitted also.
    - d. Evidence of any other amounts you are claiming (accompanying a receipt).
    - e. Names of persons with whom you have communicated regarding this claim.

Once information on a claim is received, an investigation is started to determine if the Erie County Water Authority is liable. All of the above information is necessary to start the investigation. **Please submit insurance information and your Notice of Claim immediately. A written statement for the total amount of the claim must be provided.**

If the Erie County Water Authority is liable, the claim is paid by the Erie County Water Authority or by our insurance company. The Erie County Water Authority cannot write you a check immediately for your damages, as the Erie County Water Authority Board of Commissioners must approve claim payments.

If your claim has been allowed and an amount agreed upon, you will be sent a General Release to sign. You must return that release before your claim can be processed. It may take many weeks after approval of your claim before you receive a check from the Erie County Water Authority or our insurance company.

Dennis,

Please have someone check in the area of [REDACTED] for a missing water valve cover. Claimant alleges his vehicle was damaged as a result of a water cap being kicked up by a bus and said cap struck and damaged his vehicle to the extent that it cannot be driven.

He further stated that it was between Pine Ridge Road and Normandy Avenue and that he has the cover.

Claimant, Mr. Sciolino, lives at [REDACTED] and is very upset that he is unable to drive his vehicle.

I did advise him that in most instances there is no liability on the part of the Authority.

I would recommend avoiding him at this time, if at all possible, to avoid any unnecessary confrontation.

Very truly yours,

Tony, Rick Meahl visited the site yesterday evening and discovered that the valve box cover for valve J09-E13-1G was missing. He installed a new cover, cold-patched and painted as needed. Apparently Mr. Sciolio approached him during the course of the repair and gave him the valve box cover that he claims damaged his vehicle. We do not have any other records or reports of repairs to this particular valve box and/or cover.

I looked in AS400 and Cityworks and there is only 1 record of us servicing this valve-box cover, back in 2004, see attached print out of AS400 WO #264301.

# Notice of Claim vs. Erie County Water Authority

2019-029 - Sciolino, Daniel

## Claimant's Statement (please be specific):

On March 28, 2019, at approximately 11:00 a.m., on Genesee Street near the intersection of Normandy and Genesee Street, as I was operating my 2006 Scion TC motor vehicle, in the left travel lane heading westbound, a bus that was heading westbound in the right travel lane of Genesee Street passed over a water valve cover, dislodging it. The water valve cover went under my vehicle, causing significant damage to my vehicle. It is my understanding, based on my discussions with representatives of the Town of Cheektowaga, N.Y., and County of Erie, that the water valve cover is owned and/or maintained by the Erie County Water Authority and was when this incident occurred. The incident occurred in the Town of Cheektowaga, N.Y., in the County of Erie. I, Daniel Sciolino, am the Claimant herein and I own the vehicle. My address is [REDACTED] and my claim is for the property damage to my vehicle from this incident, as set forth in the 2 estimates attached. (Use reverse side if necessary)

## VERIFICATION

Daniel Sciolino, being duly sworn, deposes and says s/he is the Claimant in this action; that s/he has read the foregoing Notice of Intention to File a Claim and knows the contents thereof; that the same is true to the knowledge of deponent, except as to the matters therein stated to be alleged upon information and belief, and as to those matters s/he believe it to be true.

<sup>1</sup> Services may enhance safety; these visual inspections are not comprehensive safety inspections.

<sup>2</sup> Monro recommendations are general guidelines based on the engine needs of a wide range of vehicles.

<sup>3</sup> Vehicle owners' manuals typically have two different mileage intervals. Most drivers (70%) fall under the shorter intervals termed "severe" (stop-and-go, short trips, hot/cold temperatures, towing or cargo roof systems). Intervals here are based on these "severe" driving conditions when available. In some cases where the manufacturer recommendation is not available, the service is a Monro recommendation.
